To Whom It May Concern:

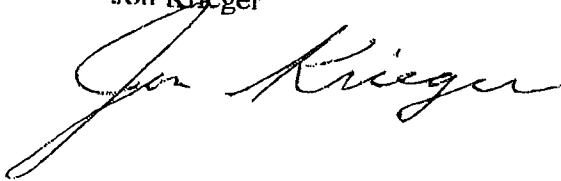

As the owners of the property at 621 S. 7th St we are some of the last remaining residents of the neighborhood that have not converted our home to commercial or professional use. We have received and reviewed the proposed development project to be located at the corner of S. 7th St and Chef Andre Rochat and believe it will be a positive addition to the neighborhood. Please accept this letter as our support of the project.

Sincerely,

Cheryl Krieger

Historic designation is irrelevant. It was improper for the staff report even to mention it. The neighborhood property owners fought long and hard to defeat City designation as a historic district, ultimately presenting the Planning Commission with a petition of opposition signed by owners of 88% of the parcels in the proposed historic district.

Councilman Reese,

The zone requirements currently in place for the Las Vegas High School neighborhood were meant to protect this valuable historic district. The city recently placed the Henderson House located at 704 S 9th Street on the city's Historic Property Register. The city should be consistent in their decision to promote the historic integrity of this neighborhood. Please deny the above referenced requests. The owner purchased these lots knowing the current zoning and should not be allowed to alter this historic site with such massive construction. New construction should at least be scaled to what is currently in place in the remaining sections of the neighborhood.
